CONSTRUCTION, CARE & MAINTENANCE

LANDSCAPE MAINTENANCE

Yard Solutions' landscape maintenance services will provide you with a consistent, aesthetically pleasing appearance throughout all seasons. We will monitor current conditions and provide services with optimal timing. Our goal is to assure that your landscape improves as it matures, remains weed free, and looks consistently maintained at all times.

- Spring Cleanup including removal of winter debris, deep edging of plant beds and tree rings, and addition of biodegradable hardwood mulch.
- Impeccable Bed Weed Control.
- Pruning-The proper pruning techniques will be utilized to meet your plants horticultural needs and eliminate unhealthy or invasive growth.
- Seasonal Color to enhance the focal points of your property. We will till in organic materials before planting to assure success. Color consultation and design included.
- Tree and shrub spraying for plant health.
- Leaf Removal will occur weekly with your mowing, maintaining a clean and healthy appearance at all times.
